

ethanol *mirror stage*

A stylized illustration of a mountain peak with a rainbow arching over it and a yellow figure with outstretched arms at the base, set against a blue background. The figure appears to be a simplified human form with arms and legs spread wide. The mountain is depicted with blue and white shading, suggesting snow or ice. The rainbow has distinct bands of red, orange, yellow, green, and blue. The overall composition is centered and symmetrical.ethanol *mirror stage*

what it's like • visitor blues

**pretty cheap • nothing blows my mind**

absent minded me • roof's burning down

**wake up now • animals unfree**

walks of life • love that takes me

## mirror stage

[illegible]

without different seats  
 and I can see  
 always was next  
 taking once and  
 small

ethanol is ethan roزاریو  
written, produced, recorded, and mastered by ethan roزاریو  
album art and tape design by ethan roزاریو  
additional vocals from stephen owen on 'walks of life'

many thanks and shouts out to manny, teenage cenobite, prophette, bell, revive the sound, the donut crew, and everyone on ethan's close friends list on instagram.
